Grassroots Grant Program

- Established in 1977 to ensure that every North Carolina citizen has access to quality arts experiences
- De-centralized funding provides resources for the arts in all 100 counties, primarily through local arts councils
- Funds are distributed using a per capita based formula
- N.C. Arts Council staff provides support and program assistance
Grassroots Partners in 100 Counties

Largest network of local arts councils in the nation.

If the county does not have an arts council, the Grassroots partner is usually the local school system, or another arts organization.
Grassroots Partners in 100 Counties

- PCP counties
- Local arts council PCPs
- Local arts council DCPs
Partnership with N.C. Arts Council

• Your organization= Steward of the Grassroots grant and partners with the North Carolina Arts Council.

• Partnership extends beyond the grant to organizational development; best practices in Community Arts Development; and capacity building for staff and board of directors.
Levels of Partnership with N.C. Arts Council

1. Designated County Partner (DCP)
   Partner with three or more years of experience managing the Grassroots grant and endorsed by city and county governments as Designated County partner for the funds. Usually local arts council.

2. Provisional County Partner (PCP)
   Invited arts organization, school system, municipal government, or new arts council to serve as a partner and manage distribution of Grassroots funds for their county.
Levels of Partnership with N.C. Arts Council

Both levels of partners must follow standards of practice in the field – DCP Standards.

- DCPs can spend up to 50% of their grant on operating expenses
- PCPs can spend up to 20% of their grant on operating expenses
Grassroots County Allotments

The N.C. Legislature allocates a portion of the state budget for the Grassroots Arts program. Roughly $4 million investment in the arts.

- 20% distributed equally to all 100 counties
- 80% distributed per capita
### Grassroots County Allotments

These figures are based on the Grassroots allocation of $3,803,708 (assigned by formula with 20 percent in equal grants to all counties and 80 percent by population base). The additional amount comes from designated ARPA funds in the amount of $5 million to be distributed on a per capita basis. The state population of 10,794,463 is determined by the 2022 population projection prepared by the State Data Center. The multicultural columns show the amount of the allotments that each county must spend on programming that reflects African American, Asian American, Native American, Latino, and Hispanic cultures. Percentages and allotments are rounded to the nearest whole unit.

Designated County Partner Standards

- Demonstrate a commitment to racial and cultural equity in programming, board representation, governance and administrative practices.

- Demonstrate stability and fiscal responsibility through effective board and staff leadership, sound administrative practices and strategic planning. If staffed, arts councils must provide appropriate salaries and benefits.
Designated County Partner Standards

• Maintain a history of managing the Grassroots grant responsibly, and according to requirements, including meeting the deadlines for applications, fulfilling the subgranting and multicultural requirements and completing final reports.

• Track economic impact and actively participate in county tourism and economic development efforts.
Racial and Cultural Diversity

• Grassroots partners are required to spend a percentage of their grant on programming that reflects African American, Asian American, Latino, and Native American cultures.

• The minimum amount of investment is included on the County Allocation chart annually.

• Requirement is met through supporting arts programming conducted by artists, ensembles, or organizations of color.

The requirement can be met in several ways:

1. DCP can hire artists or ensembles of color to conduct arts programs.

2. The DCP can award subgrants to multicultural organizations. The organization does not have to be an arts organization, but the funds must be used for arts programming.

3. The DCP can award subgrants to other organizations to hire artists or ensembles of color to conduct arts programs.

Grassroots money may **not** be used for the following:

Matching the Grassroots Grant

• Legislation stipulates each grant must be matched dollar for dollar with cash from local sources during the fiscal year.
• Matching ensures that there is an investment in the project and in your community.
• Partners may either match the county allotment with their own budget or by using the cash match from subgrantees.
• Subgrantees also must match their grant.
• School PCPs should match with staff and teacher salaries.
Subgranting Grassroots Funds

- DCPs in counties with 50,000+ population must subgrant 50% or more of their Grassroots allocation to other organizations in their counties to conduct arts programs.

- By subgranting Grassroots funds, you are investing in your community, and ensuring that organizations and programs throughout the county are supported.

- Check the arts council resources page to download our Subgranting Toolkit

N.C. Arts Council Logo Use & Credit Line

Legislative Letters

• DCP and PCP partners are required to write letters of appreciation for Grassroots Arts Program grants to your legislators

• Legislators love hearing the impact happening in their communities

• A selection of these letters will be requested in your final report
Final Reports

The final report documents how the Grassroots grant money was spent, and how racial and cultural diversity requirements were met.

- A final report for each application is due on July 31st annually
- N.C. Arts Council staff holds a webinar in June for Final Reports
- Reports must be submitted online and emailed by the deadline
