

So, you are interested in becoming an A+ school or know a school that is interested? Below is the process for schools who are exploring the option of entering the A+ Schools network.

A+ Schools of North Carolina is the nation's longest-running, most successful arts-based whole school transformation model. Newly released research on A+ Schools professional development and implementation demonstrates impressive results in school growth, student proficiency, and narrowing the achievement gap. A+ Schools also helps schools build creative, engaging learning environments that allow students to master the state standards while developing 21st century skills.

Step 1: Letter of Intent

Principals from interested schools submit a **Letter of Intent Form by June 1, 2023**. This form lets us know that your school is interested in becoming an A+ school and plans to take the necessary steps to find out more about joining the A+ network. Letter of Intent Forms may be found on the [A+ website](#).

Step 2: A+ Summer Conference Observation

Interested schools who have submitted a letter of intent for 2024-2025 entry may send up to three leaders from their school to observe a day or two of our summer conferences during the summer of 2023. Observers should include the principal and could also include a district representative or other key leaders/teachers at the school who would be responsible for sharing information with your whole staff. RSVPs are required to observe during our summer conferences. Please contact Program Coordinator Jennifer Huggins at jennifer.huggins@ncdcr.gov to reserve a spot.

Step 3: Pre-application Meeting

Interested schools will send a team of representatives to a mandatory **pre-application meeting on October 27, 2023**. This meeting will provide more information on what it means to be an A+ school, look deeper into A+ processes, and allow time for Q&A with A+ staff and A+ Fellows. School teams must include the principal, and teams may include district representatives and/or teacher leaders from each interested school. Schools that have submitted a Letter of Intent Form will receive an invitation and registration form for this event by email in September 2023.

Step 4: Sharing Information and Gaining Staff Commitment

Representatives from the interested schools who have observed at a summer conference and/or attended the pre-application meeting will share what they have learned with the rest of their staff, along with the dates of the A+ Schools 5-day Summer Institute that your school would be required to attend in 2024. Each school then surveys their staff and secures a minimum of 85% faculty commitment indicating becoming an A+ school is the right fit for the school and the staff wants to join the A+ Schools network. A+ staff are available to answer questions and offer support as needed throughout this process.

Step 5: Application

Once 85% commitment has been obtained by the staff, schools may submit an application to become an A+ school (the application is available on our [website](#)). **Applications are due no later than Friday, December 1, 2023, at 5 p.m.** and require several letters of support and signatures. Schools will be notified of acceptance by December 15, 2023.

Step 6: Getting Ready

Spring 2024 will allow time for each school to prepare for their first A+ professional development with opportunities for school leadership to attend A+ Leadership Meetings and pre-arranged visits to several A+ schools.

Step 7: Attending the 2024 A+ Summer Institute

New schools will attend five days of A+ training in Raleigh during the summer of 2024. The tentative dates for the **2024 A+ Summer Institute are July 15-19, 2024, in Raleigh**. A minimum of 85% of each school's certified staff plus the administrative team is required to attend. All staff, as well as district representatives, parent leaders and other school stakeholders, are also invited to attend. Details and registration for the 2024 Summer Institute will be available in the spring of 2024.

For more information about A+ Schools of North Carolina, please visit our website at <https://www.ncarts.org/arts-council-z/aplus-schools-nc> or contact Michelle Burrows, A+ Schools Director, at (919) 618-6175 or by email at michelle.burrows@ncdcr.gov.

Note: this process varies slightly for out-of-state schools interested in entering the A+ Schools network. Please contact Michelle Burrows for more information regarding the process for schools outside of North Carolina.
